

# The fast, secure, web-based upgrade to The Conveyancer

## Unity

The answer to  
“how can I possibly get  
all of this done today?”

Unity is replacing The Conveyancer<sup>®</sup>, the market-leading conveyancing platform that legal professionals have relied on for over 30 years, and adding a whole lot more! Unity offers the best in online conveyancing, helping you manage your practice more efficiently than ever before.

You will be able to streamline your workflow, collaborate and share data with other industry stakeholders, and provide even more value to your customers, all within a completely secure environment.

## Timesaving Tools

Unity automates virtually all documentation required to complete purchase, sale and mortgage transactions. It's full of timesaving features to help you speed through your day including an intuitive workflow, automatic Canada Post address look-up that accurately populates address information, and the ability to store, edit and manage your documents online so you can access them from virtually anywhere.

## Powerful Partnership Network

Save valuable time by accessing all our market leading partner integrations directly within Unity, including title insurance, mortgage instructing, accounting software and land registrations.

## Top Tier Security

Unity is built on bank-grade technology and features Two-Step Verification to ensure maximum security. Hosted on dedicated, private cloud solutions, all Unity data resides in Canada.

## Global Databases Crowdsourced from the Legal Community

Unity harnesses the power of over 15,000 legal professionals who use DoProcess applications daily. Just like Wikipedia relies on 100,000 active contributors to add new knowledge daily, legal professionals who use Unity can access and continually update comprehensive global databases including jurisdictions, mortgagees, and brokers among others.

## Unparalleled Customer Support

Our Customer Service Centre is here to support you with personalized service and the answers you need to get back to your day quickly. Our customers appreciate the friendly expert help, regularly giving the Customer Service Centre satisfaction ratings above 98%!

## UnityPi™

UnityPi is a companion app exclusively for Unity customers, available at no additional cost.

You'll have on-the-go access to all the info you need to be productive outside the office. And because UnityPi gives you a new way to see your data, you can make informed, data-driven decisions about your business now, and into the future.

## UnityC™

UnityC is the secure, timesaving, use-it-from-anywhere connection between Unity law offices, clients, other legal professionals and stakeholders.

- ✓ Automated Client Intake Portal
- ✓ Secure Document Sharing
- ✓ Realtime Status Dashboard
- ✓ Referral Engine

## Training Tools on Your Schedule

The DoProcess University lets you access training at your own pace and on your schedule. In this online learning portal, you can access a comprehensive library of "how to" videos, tips and tricks, and other training resources to ensure you get the most out of Unity.

**Get started today with a no obligation 30 day trial. It's really that simple.**

Since 1989, DoProcess has focused exclusively on serving the Canadian legal community. Today, DoProcess is the #1 provider of practice specific software for law offices in Canada. Over 15,000 practitioners trust DoProcess applications to manage more than 1.4 million transactions annually. We understand how hard legal professionals work and that's why everything we do is designed to help them complete transactions faster and provide superior service to their clients.
